James estimates that a charter class of 150 new members will be enrolled into the new lodge. Serving as class representative will be George C. Hein, Mayor of Albany. Ritual work will be exemplified by the Degree Staff of Richmond Lodge No. 550.

Institution of the new lodge will be handled by C. L. (Buck) Swan, state director.

Max Stater, secretary of Richmond Lodge No. 550, and past president of the California Moose Association, will serve as the installing officer for the first board of officers of the new lodge. He will be assisted by an escort team from Richmond lodge.

A number of Moose dignitaries and members from this area are expected to attend the meeting.

James reports that any resident of the community eligible for Moose membership still has an opportunity to become a charter member by contacting him at 234-7666 or by contacting Bill Rhea at East Bay Chevrolet, Bill Beller at Jim Woulfe Ford, or Glenn Cornelius at Glenn's Auto Specialty.

## Traffic, Safety Commission Considers Blind

Harold Lindberg of Albany Traffic and Safety commission at its last meeting to ask the group to consider the menace to blind and partially-sighted persons caused by bicycles carelessly left on sidewalks.

The commission decided to initiate an education program, working through the home, school and fire station, where bicycles are registered.

Lindberg also requested color-coding sidewalks to show directions to those who are partially sighted or lost. He said that since Albany is the location of the Orientation Center for the Blind, the population of sight-handicapped persons has increased and measures to assist them are necessary.

Among other matters on the T&S agendas were the blinking yellow light recommended for the Buchanan - Jackson crossing, which has been tabled for now until further information and studies are available.

Administrative Officer James B. Turner explained the long-range plan to replace old incandescent street lights with modern mercury vapor types through PG&E's proposal, which would result in an increased cost of about 15 per cent more per month.

## Final Notes On Dimes Basketball

No matter who wins the basketball game, it will be children like Benny O'Gorman of University Village who are the real winners in Saturday night's March of Dimes Night of Basketball, sponsored by American Legion post 292.

The games begin at 7 p.m. at Albany High School gym. Benny and his parents are expected to attend. He is one of the patients at the March of Dimes-supported Birth Defects Center at Children's Hospital of the East Bay.

Bill Davis of KGO-TV will be master of ceremonies. He has arranged the celebrity game, high light of the annual event, which will feature KGO TV and radio personalities playing a team of five—or more—Grimme models from San Francisco. The KGOers will provide their own referee in the person of Marshal J. Their coach is Bud Foster. Only five TV and radio men may be on the floor at one time, but there is no limit to the number of players the models may use.

City Chairman Ralph M. Jensen said the enthusiasm for this special event indicates another successful project for the 1965 March of Dimes in Albany.

## Stolen Articles Are Recovered

The purse taken in the strong arm robbery of Octavia Bullock in her back yard at 1250 Washington Jan. 15 was recovered in Emeryville Jan. 29 with contents intact except for the money, about \$10. Mrs. Bullock's arm was broken as she struggled with the youth.

Two of three bowling bags reported stolen by L. F. Tischler of 920 Cornell on Jan. 28 were found later that day on the shoreline between Gilman and University. Other items stolen from his car were briefcase, papers, umbrella and the three balls and bags, valued at \$195, Albany police report.

## McAteer Bill Okayed By ABAG With Conditions

Representatives of cities and counties in the nine-county Association of Bay Area Governments voted last Thursday to approve in principle the Bay Conservation and Development commission as proposed by State Senator Eugene McAteer, but added three conditions.

Meeting at the Hotel Claremont with Chairman Kent Pursel presiding, the ABAG executive committee approved these amendments:

1. That the majority of the 29 member commission be elected officials of Bay Area city and county governments, that state and federal representatives with voting privileges on the commission be direct appointees of elected legislators and executives and serving at the pleasure of those who appoint them.

2. The commission shall not have authority to approve an application for bay filling which has been turned down by a city or county unless two local jurisdictions are involved, in which case the commission shall act as mediator.

3. The commission shall have a definite termination date, unless its life is extended by the state legislature.

San Francisco Mayor John Shelley and San Leandro Mayor Jack Maltester agreed that the McAteer Bill is very apt to go through, led the discussion of ABAG's conditions for approval.

**ABAG HAS PLAN**  
 It was pointed out that ABAG will continue its work on the

## City Council Discusses Teen Age Night Club

The Friday night riot on San Pablo Avenue occupied most of the two-hour Albany City Council meeting Monday night.

A letter from Kathryn B. Warren, owner of a Kains apartment house, protesting the noise from the Lucky 13 club at 905 San Pablo, opened the subject. Attached was a petition signed by six residents of Kains and Solano.

Jerome Blank also submitted a letter complaining about the club, saying he does not think the permit should have been granted, that a teenage night club is not in the original terms of the permit, that it is no place where teenagers should be discharged at midnight and that loud music is disturbing nearby residents.

## Next Meeting With Planner Tomorrow Night

Albany City Council hopes to have another full house in the Council Chambers at 8 p.m. tomorrow night (Feb. 4), when Planner Herman Ruth will continue his discussion of a master plan for the city.

At the request of Council, Ruth and his associates have prepared a sketch of the modified plan suggested by the Council. It will be displayed and explained at the meeting.

Jan. 31, fire scare, 917 Solano, smoke from incinerator blowing over top of house caused alarm.

Mayor George Hein recommended no action, but Councilman Joel Parker said it was mandatory to consider the problem in view of the communications and what councilmen had witnessed outside the club over the weekend.

Hein requested that the owner, Harold H. Peterson, be allowed to speak.

## OWNER SPEAKS

Peterson said the noise came from the kitchen door, which will not be left open in the future. He said there is no internal trouble at the Lucky 13, that four members of the Albany Police Reserves, employed by the club, would vouch for the operation (Reserve Officers Eugene Hellwig and Jerry Talley later did). The owner said parents are happy with the teenage club, knowing the club is acting as a good baby sitter with a chain across the door from 7:30 to midnight so the young people are not running in and out. He said those who do not act like ladies and gentlemen do not get in.

The troublemakers, Peterson said, are those who don't have the \$1.50 for cover charge, which keeps out undesirables. He said he plans to put up a "No Loitering" sign, may make it a closed club with membership cards.

## Riot Friday Midnight

A riot involving approximately 200 to 250 young people broke out in front of East Bay Chevrolet on San Pablo Avenue about midnight Friday, Albany police report.

Traffic was stopped both north and southbound on San Pablo before five Richmond and El Cerrito youths were hauled off in the patrol car and the crowd was dispersed. No arrests were made.

In the opinion of the reporting officer, the main trouble was the people milling about in front of the Lucky 13 club, where they do not want to pay the fee to enter and harass those coming by making remarks.

He said the trouble was from outside, that from all indications those inside were well behaved and having a good time.

An AC bus driver, parked at Solano and San Pablo, called police attention to the trouble. He flashed his headlights rapidly to alert officers, then pointed out the mass of humanity in front of the auto business.

The officer said that because the police department was able to show a display of manpower quickly, a major riot was averted.

Police Officer Robert Buck lost a valuable wrist watch in the scuffle.

"We don't sell anything that looks like liquor," he said, "except near-beer, which smells like beer but has no alcoholic content."

Later, when the near-beer subject came up again, Councilman Lewis Howell said to Peterson, "You're not doing your image any good."

Peterson stressed, "Our clientele did not start this fight Friday night." He said wrong information had appeared in the press, that there were very few people involved and no fights in front of Lucky 13, only across the street.

## REFER TO JENSEN

Councilman Joe Egenberger made a motion to refer the problems of noise and loiterers to Chief of Police Ralph Jensen. After much discussion, the motion passed unanimously.

Councilman Richard Clark asked who had made the original motion granting permission to open the club. It was read into the minutes that Councilman Joe Egenberger had made the motion last August, when it passed 3-1 with Councilman Howell voting no and Parker absent.

Councilman Howell commended the police department and reserves for their work Friday night. Later he made this in the form of a motion to send a letter of commendation to the department. It passed unanimously.

Howell said there were teenagers in front of the Lucky 13 almost continuously Friday and Saturday nights, some using the sidewalk as a dance floor.

"Do we want teenagers drinking near-beer in a night club?" he asked. "This is another decision we'll have to make."

## EYEWITNESS

He told of watching the club Friday and Saturday nights, adding that the teenagers seemed to congregate in the parking lot next to Mary and Joe's. He said Albany Council and fathers and mothers will have to create something, perhaps a self-governing, honor system club for teenagers. He said he would like to see a service club take on the project to hold regular dances.

Mayor Hein stressed that there had been no complaints on what goes on inside the club.

Councilman Parker told of his (Continued on Page 3)

## Boy Scouts to Conduct Council Session

A group of Boy Scouts will conduct a mock Council session prior to the regular Albany City Council meeting next Monday night.

The boys session will begin at 7:30 p.m., Mayor George Hein announced.

## A Look Into Albany's Future

By Neal Clarity, Manager, Albany Chamber of Commerce

(First in a Series)  
 Statistics show that Albany lost 20 percent of its potential sales from Albany residents alone in 1960; in 1962, the figure rose to 27 per cent.

In mid-1963, Albany City Fathers decided something should be done to correct the situation. Four basic steps that should be considered when attempting to correct any problem are: 1) recognizing there is a problem; 2) studying the problem; 3) adopting a plan to correct the problem; and 4) putting the plan to work.

The City Council has taken the first two steps by contracting with the firm of Ruth and Krushkov, planning consultants, to make a detailed study of Albany and its problems and to recommend a "plan" that will correct the situation.

After an 18-month study, work has progressed to the point where the planning consultant is in the process of presenting various possibilities for development of the business community. For the

benefit of those who haven't been able to attend the monthly public meetings, this series will start from the beginning and explain what has been done in each phase of the plan.  
 To determine what citizens and businessmen wanted, the City Council formed a Goals and Objectives committee, consisting of 10 members representing all segments of the community. They met monthly, formed various subcommittees to study various aspects of community development. These included residential development, economic development, transportation and traffic, regional relationships, civic center development and waterfront development.  
 After many months of study, the Goals and Objectives committee recommended the following:  
 1. Establish an explicit zoning plan with adequate safeguards against frequent special amendment.  
 2. Preserve established single (Continued on Page 5)

Los Altos Mayor James Thurber lost out in his effort to obtain ABAG support of enforcement of the initial crankcase snog control device law. Opinion was divided on the effect of the device on cars and the matter was held over for the ABAG general assembly meeting at the Claremont Friday, Feb. 26.

Twin Pines Stamp Club of El Cerrito concluded a successful drive to provide a Christmas box of stamps, albums, accessories, and other philatelic materials for the Los Padres Men's Colony Stamp club during December. Los Padres Men's Colony is a branch of the California State Prison System located at San Luis Obispo and is primarily for older prisoners, usually those who do not wish parole or who are not eligible.

The Twin Pines Stamp club meets on the first and third Mon-
